Working to align capital to achieve a healthy and sustainable society, environment and economy
The Responsible Investment Association Australasia (RIAA) champions responsible investing and a sustainable financial system in Australia and New Zealand.

RIAA is dedicated to ensuring capital is aligned with achieving a healthy society, environment and economy.

With over 500 members managing more than US$29 trillion in assets globally, RIAA is the largest and most active network of people and organisations engaged in responsible, ethical and impact investing across Australia and New Zealand.

Our membership includes super funds, fund managers, banks, consultants, researchers, brokers, impact investors, property managers, trusts, foundations, faith-based groups, financial advisers and individuals.

Our beliefs

• Investment and ownership practices affect the health and well-being of the environment, society and the economy.

• Regardless of whether they are intended or not, these positive and negative effects confer on investors significant stewardship responsibilities.

• Investment and ownership practices can and should align with society's needs and objectives, such as those set out in the UN's Sustainable Development Goals.

• Demonstrating effective stewardship is necessary for earning and protecting the trust that is the foundation of the investment industry.

“To promote, advocate for, and support approaches to responsible investment that align capital with achieving a healthy and sustainable society, environment and economy.”
Our objectives

RIAA achieves its mission through:

• Providing a strong voice for responsible investors in the region, including influencing policy and regulation to support long-term responsible investment and sustainable capital markets;

• Delivering tools for investors and consumers to better understand and navigate towards responsible investment products and advice, including running the world’s first and longest running Responsible Investment Certification Program, and the online consumer tool Responsible Returns;

• Supporting continuous improvement in responsible investment practice among members and the broader industry through education, benchmarking and promotion of best practice and innovation;

• Acting as a hub for our members, the broader industry and stakeholders to build capacity, knowledge and collective impact; and

• Being a trusted source of information about responsible investment.
RIAA membership includes the following benefits which members are able to access:

Dr Stuart Palmer, Australian Ethical
“RIAA has played and continues to play a central role in mainstreaming responsible investment at the same time as raising responsible investment standards to safeguard RI’s integrity and impact. RIAA is innovative and adaptable in pursuit of its purpose, working across the investment ecosystem as well as beyond it, with a recent highlight being the energy and insight contributed to the massive Australian Sustainable Finance Initiative.”

Karen McLeod, Ethical Investment Advisers
“By being RIAA certified, I’ve been able to promote myself on the RIAA website and also on my own marketing materials, using the Certification Symbol. Most importantly I’m able to participate at RIAA education sessions like workshops and conferences and discuss ideas with other RIAA certified advisers about product and ethical issues. I really value that RIAA keeps me up to date on the latest developments in responsible investment and that they advocate on our behalf as well.”

Katie Constance, Fidelity International
“We have been delighted with being a member of RIAA and have found RIAA’s insights and events invaluable, particularly the monthly updates which are extremely comprehensive. We have also appreciated the opportunity to participate in RIAA’s events.”
